

## COMMITTEE TO INVESTIGATE VOTE

In New London County Commission Contest — Error Alleged That Would Have Elected Albert H. Lanphere — Republican Who Was Paired, Unintentionally Voted.

(Special to The Bulletin.)  
Representative Albert H. Lanphere, of New London, who has been the manager of his own campaign in the contest for appointment as county commissioner, was surprised with the result of the vote as announced by the clerk at Wednesday's session, fully as much as he was at the action of the voters who ruled Mr. Lanphere's vote in the record and created a tie by his own vote. Mr. Lanphere is not new at the political game and succeeded in having every democratic member from New London county present except Representative Avery of Groton and he was paired with a republican on the vote for commissioner for New London county. He also was satisfied that the republican who had promised to be absent while the vote was being taken had kept the promise. So Mr. Lanphere was unable to account for his apparent defeat, which left New London county without a candidate, as the resolution appointing Charles D. Noyes was also defeated, by reason of the republican abstentions.

Thursday Mr. Lanphere made examination of the official tally sheet of the clerk and discovered at least one error, but which, if counted would have elected him. Mr. Delaney of Norwich was credited with being paired and not voting, while as a matter of fact he did vote for Lanphere and did not pair until after the vote was taken, while a republican who was paired and unintentionally voted and, of course, against Lanphere.

Soon after the vote was called to order Friday morning, Mr. Healey, the republican leader, said that there was apparent error in the vote taken on the resolution appointing Albert H. Lanphere commissioner for New London county. He made motion that a committee of two be appointed by the speaker to rectify the error from the senate, and asked for suspension of the rules. He said that in the hurry and haste of last Wednesday and the confusion that resulted from hurried pairing, a republican had been credited with voting "no" who had paired and that a republican who had voted "yes" was not recorded as such.

## OLIVE Tablets

### OIL the Bowels

A Physician's Substitute for Dangerous Calomel

When you feel that your liver and bowels need help, take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects.

Olive Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. His efforts without Calomel have developed his now famous little olive-colored tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Olive Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous buoyancy in the spring, thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25 cents per box.

"Every little Olive Tablet has a movement of its own."

## When is a Bargain a Bargain?

You all know when a bargain is not a bargain! When values have been inflated or boosted so that a cut in price might be made. In other words you know the so-called bargain whose value is not there. The fake bargain is America's most popular humbug.

### BOSTON STORE BARGAINS ARE REAL BARGAINS

If the goods are marked down the mark-down is actual—you will find that the value is there. There is always a reason why the cut in price is made, but whatever the reason the cut is real. You may depend absolutely upon every statement made in Boston Store advertisements.
